Our **Debt Management Solutions**

Debt Management Solutions

Our Debt Management Solutions are designed to reduce a customers' total debt amount by combining multiple unsecured debts into one, affordable, easy to manage payment. As part of implementing your solution, we determine the most appropriate agreement between you with your creditors. This could include an informal Agreement, a formal Part IX (9) Debt Agreement or a Part X (10) Personal Insolvency Agreement.

Part IX (9) Debt Agreement

A Part IX (9) Debt Agreement is a legislated, legal and binding agreement between you and your creditors. It is a positive solution which outlines a new, affordable payment arrangement of your unsecured debts. This allows you to repay only a percentage of each dollar you owe, while being able to get on with your life and avoid the harsh consequences of bankruptcy.

Informal Agreement

An Informal Agreement is an agreement between you and your creditors to change the terms on your existing debt contracts. It allows you to pave the way for financial freedom without the consequences of a Part IX (9) Debt Agreement or Bankruptcy. With an Informal Agreement, you can renegotiate the terms of your debt and then settle on a new repayment arrangement – one which is affordable for you.

Part IX (10) Personal Insolvency Agreement

A Part IX (10) Personal Insolvency Agreement (PIA) is a legally binding agreement between an individual (the debtor) and their creditors to settle debts without declaring bankruptcy. It's a formal alternative to bankruptcy for those experiencing financial hardship and looking to negotiate a manageable way to pay off their debts.
